

Terms & Conditions for NTSU Freshers Events

Freshers Events are strictly for NTU first year students. No entry to events will be permitted to those that are not NTU first year students.

Definition of "NTU first year student":

- *Those that have accepted a place on a full-time or part-time course starting in September/October 2023 at either: Nottingham Trent University, Confetti, Nottingham College, Nottingham Trent International College or NTU in Mansfield. This includes postgraduate as well as undergraduate courses.*
- *Students that have relocated from another university and are enrolling at Nottingham Trent University for the first time.*
- *Students retaking part or all their first year at Nottingham Trent University*

Over 18's only. 18+ age verification ID is required to gain entry to events. Acceptable forms of ID include passport, driving licence or PASS accredited card (see www.pass-scheme.org.uk for details).

If individual events are cancelled by NTSU for reasons beyond our control, we will endeavour to provide suitable replacement events. If this is not possible, Nottingham Trent Students' Union will refund the event ticket. Booking fees are controlled by a third-party provider and they are used to cover administration and bank charges, therefore NTSU are unable to offer a refund on this portion of the payment.

You should arrive at nightclub venues no later than 11:30pm. You may be given an earlier time slot to arrive at a venue. This is to help with the safe management of entry and it is important you stick to the times given.

Rights of admission are reserved by each venue.

Event transport is subject to capacity and is offered for the larger club night events to those living in large halls that are not within reasonable walking distance. This includes buses from Brackenhurst, Clifton, Norton Court, Meridian Court, The Maltings, Simpsons and Blenheim to venues in the city centre. Buses cannot be guaranteed for events where the demand from a hall is lower than 30 people, but Freshers volunteers will advise of alternative transport in this scenario.

You may be contacted via e-mail, text message or phone, for the purpose of this event and ticket fulfilment.
